† Represents a company whose historical dividend growth rate may be impacted by one or more factors, such as a corporate action (e.g., spinoff, merger, acquisition, etc.) or the issuance of a special or extra dividend.

Dividend growth rates are based on per-share amounts and reflect rolling calendar periods. Weighted average growth rates are based on model portfolio weights, which may differ materially from those in individual accounts.

There is no guarantee that dividends will continue to be paid into the future.
